Wisconsin Department of Natural Resources—ATV Course Requirements

Anyone who operates an ATV on public riding areas—trails, frozen waters, routes, permitted county and/or forested lands—who is at least 12 years of age and was born on or after Jan. 1, 1988, must complete a safety certification course. ATV operators must carry their safety certification card and display it to law enforcement when requested.

Summary of the County Ordinance

When a Municipality passes an ordinance authorizing the use of ATV/UTVs on local roads, County and State roads with posted speed limits up to 35 mph are authorized per state statute only if appropriately signed. The Walworth County ordinance allows Municipalities to include County roads within their boundaries regardless of the posted speed limit, as long as the road is appropriately signed in coordination with the County Highway Commissioner.
